Education

Front end developer course at Informal School of IT

Web Concepts; HTTP: fundamentals; HTML and CSS; JavaScript: variables, primitive types, functions, hoisting, objects, scope, DOM, AJAX & Promises · OOP, ES6, webpack; GIT: learned the principles and basic commands; Team project: built the front-end part of an IMBD-like application (using a provided API), with the following functionalities: CRUD operations on movies, basic search, pagination, registration and login; Github.

Currently I am following iQuest Remote Learning Web programme.

Babes-Bolyai University

Master degree in Geography of Tourism

Alexe Marin High school

High school diploma in Informatics

About me

I am a javascript enthusiast willing to start working on real projects after I followed several courses on Udemy, Pluralsight and other online platforms building also small games.

I am an active participant at JS Heroes meetups and code camps hoping to learn as much as I can.

Online Courses

The Complete Junior to Senior Web Developer Roadmap

The Complete JavaScript Course 2020: Build Real Projects!

Complete Web Developer in 2020 : Zero to Mastery

Work

QA Game Tester at QUANTIC LAB (may 2020 – present)

Just started working as a QA tester and I am learning the basics of manual testing and also gaining experience in software development in teams.

Tourism agent at WENS TRAVEL (nov 2009 – may 2020)

In my job at Wens Tour I was using an GDS (Global Distribution System) for reserving airplane tickets (Worldspan).
